Application to enrol in a Queensland State School

This sheet contains information on how to complete the Application for Student Enrolment Form (SEF-1 Version 6).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol an applicant if they are entitled to enrolment. While not exhaustive, a list of matters which may affect an applicant's entitlement to enrolment are included on the front cover of the enrolment form.

Questions which must be answered*

The Application for Student Enrolment Form contains a number of questions marked with an (*) which must be answered. These include – Student demographic details, Student address details, Student family details, Religion – Religious Instruction, Country of birth, Emergency contact details, Student medical information and the Application to enrol. These questions and consent are considered necessary to ensure the school can undertake its administrative and care responsibilities.

Sections of the form not marked (*) are optional. However, failure to complete these sections may result in the school not being eligible for important Federal and State Government funding.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are being asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Sighting of birth certificate

Schools are required to sight a child's birth certificate. An alternative to a birth certificate will be considered where it is not possible to obtain a birth certificate (e.g. child born in a country without a birth registration system – passport or visa documents will suffice). Mature age students that provide appropriate photographic proof of identity do not need to present a birth certificate.

Court Orders

Any court orders concerning the welfare, safety or parenting arrangements of children should be provided to the school by parents, and the school should also be provided with any new or updated orders.

Name on enrolment form

A child should be enrolled under their legal name as per their birth certificate. There is provision to also record a child's preferred family and given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless specifically requested by parents to use the preferred name only.

Evidence of Student's Immigration Status

This section is required to be completed by a student who is not an Australian citizen and requires information to be recorded about a student's passport and visa.

Medical information and emergency contacts

A child's medical condition, symptoms, management and medication/s must be documented. Medical conditions may include (but are not limited to) seizures/epilepsy, fainting, diabetes, asthma, heart problems, anaphylaxis and allergies (such as food or insect stings). Parents must indicate if they are an emergency contact. Three additional emergency contacts are also required.

Religion – Religious Instruction

Parents/carers are asked to identify a child's religion. From Year 1, your child will be placed in this nominated religious instruction class if it is available.

If this section is marked 'no religion' or 'no religion nominated' or a response is provided that is not represented within the school's religious instruction program, your child will receive other instruction in a separate location during the period arranged for religious instruction.

Parents may change these arrangements at any time by notifying the principal in writing.

Office use

This section is to be completed by the school and will assist in documenting specific details in relation to a student's enrolment, including confirmation of the sighting of documentary evidence such as a student's birth certificate, passport or visa and student's mature age status.
